### Product Description

✔ **REMOVES RUST** ✔ **NON-TOXIC** ✔ **PREVENTS FLASH RUST** ✔ **HARMLESS TO ENVIRONMENT** ✔ **EASY TO USE**

**EVAPOR-RUST** is a **SUPER SAFE RUST REMOVER** containing No Acids, VOC's or fumes. Safe and will not irritate skin and eyes. Removes rust to bare metal.

Available in 1, 2, 5 and 20 litres.

### Ideal Usage

## Application of Product

EVAPO-RUST has been proven effective to remove even deep rust on all types of mild steel and iron. It is safe on all surfaces and will not harm copper, brass, aluminum, plastic, rubber or vinyl.

## Directions

Pre-clean item to remove oil and dirt. Rinse item and immerse item fully in EVAPO-RUST™ for 20 minutes.

Check progress periodically. Once rust is removed, rinse item with water.

To prevent re-rusting simply dip the item back in EVAPO-RUST™ solution and allow to dry.

Deeply rusted parts (5mm or deeper) may require overnight soaking. EVAPO-RUST™ can be used over and over until performance drops off.

When ready to dispose of spent EVAPO-RUST™, only the iron content of the solution will dictate disposal method. In most cases, it can be safely put down the drain.

## Test Results

1 Liter Evapo-Rust de-rusts up to 30 KG of moderately rusted steel.

## Approvals / Awards

“Outstanding Technology in Industrial Cleaning”, CleanTech Magazine, 2001

“Top 100 Innovations”, R&D Magazine, 2002

“Top Product”, Fastener Technology International, 2003

“The EPA Green Chemistry Award”, EPA Nominee, 2004

“The EPA Green Chemistry Award”, EPA Nominee, 2005

## Safety Data Sheet Summary

### FIRST AID MEASURES

Inhalation: None

Skin Contact: Wash all affected skin areas with soap and water after use.

Eye Contact: Flush eyes with running water.

Ingestion: If swallowed give victim two glasses of water and

INDUCE VOMITING by using ipecac syrup or placing two fingers at the back of the throat.

Get immediate medical attention. Do not give anything by mouth to an unconscious person.
