# Q PRODUCTS

## **Q20 SUPER MULTI-PURPOSE LUBRICANT**

Q20 is the leading multi-purpose lubricant that protects against corrosion, stops rust, lubricates sticky mechanisms and displaces moisture from electrical systems.

Q20 is the ideal light-duty lubricant for use in the home, garage and workshop.

Available in 50g, 150g, 300g, 5l and 25l

**SILICONE-FREE FORMULA**

## **Q-BIKE DRY LUBRICANT**

Q-BIKE is a long-lasting lubricant specially formulated to clean, lubricate and protect bicycle chains.

Designed to repel dirt, extend drive-train life, reduce chain noise and improve performance by reducing friction.

Q-BIKE is a biodegradable, water/wax based emulsion.

Available in 15ml and 125ml

## **Q-SILICONE SPRAY**

Q-SILICONE SPRAY is an anti-static lubricant that's perfect for waterproofing jobs, insulation, rust prevention, and the protection of rubber and plastic components. What's more, thanks to its anti-static properties, it's well suited to dusty conditions where it serves to repel dust, rather than attract it like other oils tend to do.

Available in 150ml and 400ml

## **Q-PENETRATING OIL**

Q-PENETRATING OIL is purposefully formulated for hard to reach places. Thanks to its quick-acting formula, thin viscosity, and rust-solvent properties, Q-PENETRATING OIL is ideally suited as a release agent for stubborn nuts, bolts and pipe fittings.

Available in 150ml, 400ml, 5l and 25l

## Q-PROTECTIVE FILM

Q-PROTECTIVE FILM is a super protective coating that gives long-lasting protection against corrosion and water ingress. Once applied, the solution solidifies into a completely transparent and highly stretchable coating that can later be peeled off.

Q-PROTECTIVE FILM can be sprayed onto any exposed metal surface, and thanks to its extremely high electrical tolerance (up to 1000V), it's perfect for the protection of electrical circuit boards.

Available in 400ml

## Q-GRAFPHITE SPRAY

Q-GRAFPHITE SPRAY is specially formulated as a penetrating oil. However, because graphite is a dry lubricant, it doesn't attract dirt and dust. Q-GRAFPHITE SPRAY works by penetrating hinges, locks and other hard-to-reach fittings with a thin, solvent solution that then evaporates, leaving a layer of dry graphite lubricant. These qualities make Q-GRAFPHITE SPRAY ideal in intricate components that don't function well with a build up of dust and oil residue.

Available in 150ml

## Q12 RUST REMOVER

Q12 is a non-abrasive solvent blended rust remover that dissolves rust, prevents recurring corrosion and prepares the surfaces for repainting.

Available in 200ml and 5l

## Q-IN-ONE MULTI-PURPOSE OIL

Q-IN-ONE is a high-tech general purpose lubricant that cleans, protects and lubricates in all household and special industrial applications.

Q-IN-ONE is ideal for sewing machines, hair clippers and pneumatic tools.

Available in 100ml

## STUCK IN A TIGHT SPOT?

**Q PRODUCTS** aerosols have a 360° ball-bearing valve below the nozzle, enabling the aerosol can to be inverted completely and still give you the perfect spray for all those hard-to-reach areas.

## HYLOMAR GASKET SEALANT

Hylomar Universal Blue is the leading non-setting gasket and jointing compound that is resistant to water, coolant, gases, oils, fuel and chemicals. Hylomar has a wide operating temperature from -40°C to +250°C.

Available in 100g and 350g

Exclusive Hylomar agents Sub-Saharan Africa - Balance of range available on request [www.hylomar.com](http://www.hylomar.com)

# RIGHT ON “Q”

Thanks to its triple-action formula, Q20 has been a firm favourite amongst firearm enthusiasts, hunters and fishermen for more than 70 years!

However, as polymer technology becomes commonplace in the firearm and fishing markets, caution should be taken when using multipurpose oils on plastic components.

Fortunately, the folks at Q20 have removed the guesswork from your maintenance routine by formulating two plastic-safe products that are specially engineered for firearms and fishing reels.

## Q-GUN

As most gun owners know, firearms require surprisingly little lubrication. Meaning, a small quantity of oil needs to lubricate against extreme heat, load, and unimaginable speed.

Just as important, corrosion resistance is vital for self-defence firearm owners who carry their pistols everyday. In these instances, your chosen lubricant must have excellent corrosion properties that protect against body sweat and moisture.

Finally, the fundamental principle of any firearm maintenance routine boils down to one thing: Cleanliness. A carbon-filled firearm is an unreliable firearm, which is why Q-Gun is formulated to breakdown carbon deposits, without risking damage to plastic components.

Available in 150ml and 400ml

## Q-FISH

It's the greatest fear of any fisherman: A severed line and a tale about the "One that got away". Once again, because many multipurpose oils are not plastic safe, you run the risk of damaging your fishing reel (or worse yet, your fishing line!) when the oil comes into prolonged contact with sensitive plastics.

Q-FISH is tested to be 100% plastic- and nylon safe. The oil also features excellent corrosion-protection properties against saltwater environments, and acts as a high performance cleaner and moisture repellent, too.

Available in 150ml

## FLIGHT HAND CLEANER (Smooth and Grit)

Lanolin enriched to give a soothing effect and to ensure that hands and skin are well looked after. Lanolin is used to treat or prevent dry, rough, scaly, itchy skin (e.g. eczema, keratosis, psoriasis). Flight is solvent based, which gives it the edge in removing tough dirt, including almost any industrial dirt.

Flight hand cleaner can be used with or without water.  
Wipe off with a clean cloth.

Available in 90ml, 500ml, 1l, 5l, and 20l

## FLIGHT SPRAY CLEAN

- Has been tested by the SABS and is proven to kill 99.9% of all known germs
- Is registered with the NRCS as an anti-bacterial detergent
- Is biodegradable
- Is non-toxic
- Contains no bleach or ammonia
- Is non-abrasive
- Is non-flammable

For full anti-bacterial effect: spray on and leave for 5 minutes and wipe off.  
FSK can be used in its concentrated form or diluted up to 25:1.

Available in 500ml, 5l, 20l and 200l

## M7 DEGREASER

M7 is a blend of powerful degreaser solvents, detergents and emulsifiers, designed to completely remove any grease, oil or grime from engines, gearboxes and industrial machinery. M7 is water soluble, allowing all dirt to be rinsed away with water after application. M7 is brilliant for cleaning workshop floors. M7 cleans **all** industrial and automotive components.

Brush away or spray M7 onto the surface to be cleaned. Saturate heavy dirt deposits with M7. Leave for 2-5 minutes and wash off with water.

Available in 500ml, 5l, 20l and 200l

# **EVAPO-RUST™** **RUST REMOVER**

EVAPO-RUST™ Rust Remover is an environmentally safe, water based product that has been proven to make even deep rust disappear in minutes, without any scrubbing. It restores rusted tools, auto parts, firearms and all rusted steel to 'like-new' condition.

EVAPO-RUST™ will not harm metals, rubber, plastic, PVC, Viton, paints, or unrusted steel and provides excellent long-term rust protection.

EVAPO-RUST™ is safe to use - non-toxic, non-corrosive, non-flammable, and contains no acids, alkalis or petroleum solvents. EVAPO-RUST™ is biodegradable.

Available in 1ℓ, 5ℓ and 20ℓ

- **Removes rust quickly without scrubbing**
- **No fumes or bad odours**
- **Non-toxic**
- **Non-corrosive**
- **Safe on skin**
- **Non-flammable**
- **No VOCs**
- **Water soluble**
- **Biodegradable**
- **Contains no acids or solvents**
- **Will not harm un-rusted steel**
- **Safe disposal in drain**
- **An excellent rust inhibitor**
- **Safe on all metals**
